## Rey's parents (Someone was going to do it.)

### Chapter 1 by Cat4055

I stared in horror at the screen as I saw that that J. J. Abrams had admitted who Rey's parents were. Apparently the mom didn't matter, well maybe she did, but not to me. I was staring at who the father was. It was the Force.

### Chapter 2 by Phantim

Thinking back to Anakin I thought... Oh no. Not again.

At least it wasn't Darth Jar Jar.

### Chapter 3 by sharon george

Which would have changed the story a lot.

Maybe that's why the movie's title was: The Force Awakens??

### Chapter 4 by sharon george

It's been a while since I last wrote a story, so I'm not sure if this is any good. I'll let you decide.

I don't believe Rey will turn to the dark side. She will become a Jedi master to replace Luke and turn kylo ren from his path. However one of her parents and I don't think she's a virgin birth like Anakin, will come back and shock her.

### Chapter 6 by Adisoccer1223

And when this happens, Rey will be unprepared for her future, and must decide: How much is she willing to sacrifice for those who abandoned her so many years ago?

### Chapter 7 by Singing\_Sparrow

Well, she doesn't remember a father, just a mother. And Leia sent HER to go find Luke, because Leia knows something. Maybe she knows that it's her neice, or that she's the mother. Maybe she's twins with Kylo Ren but, never told Han Solo because Kylo had the most possibilities and they abandon her on a dessert planet, Jakku. It seemed as though Leia already knew Rey, because she's the one who abandon her. Or who took her from Luke and abandon her. Leia sent her to find Luke because she knows that Rey has a tight bond with Luke, No one else could find him because they don't have that family connection. And, like all the other Star Wars series, she will debate with herself so much that she will end up either being so angry and join the First Order or try to make Kylo Ren join the Alliance. So, this will end up probably like all the other Star Wars films.

### Chapter 8 by Dan\_K

And to think this story would become a story? No. You native reader thinks more of your understanding of the world than you actually have to think of.

No, Star Wars fans would not allow for fan-fic to be made. They understand that it will not, and cannot, be true.

Star Wars is not like that. The Force may morph it into whatever it pleases. It will change into
